

'My long vacation has finally come to an end. I will be leaving for Dunedin tomorrow. It was a pleasant surprise to receive my NCEA results and to know that I had performed better than expected. I hope you will thank my various subject teachers on my behalf. They have really been very helpful, especially since I was only at QM for half a year and had to catch up on the year's work. I could not have done it without their constant guidance. Special thanks also to Ms Pivac, Ms McCallum, Ms Trollope and you of course, for helping me settle down so quickly in the best school I have ever attended! Every little action is greatly appreciated!'
