<p>  Orientation in space and time</p> <p>10 Algebra and Graphing</p> <p> Simple mathematical ideas can combine to produce intricate outcomes that are useful for modelling complex, real life systems.</p> <p>Conceptual What does it mean to have a quadratic relationship? Debatable Does mathematics describe the physical world, or does it just appear that way? Factual What do the turning points of a quadratic function represent? What are the different forms of quadratic functions?</p> <p>  Relationships</p> <p>  Scientific and technical innovation</p> <p>8 Probability and Statistics</p> <p> Using logic, we can investigate real-life data and justify the relationships seen between human activities and the impact on the environment.</p> <p>Conceptual Does correlation imply causality? Debatable Are there any ethical issues with making decisions that affect populations based on sample inferences? Factual What is correlation ? What is sampling variability?</p> <p>  Relationships</p>	<p> The guided process of musical creation can be innovative and lead to an expression of self.</p> <p>Conceptual How shall I compose a successful piece? Debatable Will my composition be a successful expression of my own creativity? Factual What shall I compose?</p> <p>  Creativity</p> <p>  Personal and cultural expression</p> <p>12 Planning and Presenting a class concert</p> <p> A well planned and effective performance engages the audience and invites a response.</p> <p>Conceptual How do I successfully collaborate and rehearse to communicate to an audience? Debatable Will the audience response indicate anything about the effectiveness of our piece? Factual What are our musical abilities as a group?</p> <p>  Communication</p> <p>  Personal and cultural expression</p>	<p>  Personal and cultural expression</p> <p>9 Theatre form studies</p> <p> When conveying meaning to others our aesthetic choices are influenced by time and space.</p> <p>Conceptual What is the relationship between theatre and its social context? Debatable Does global citizenship mean that the creation of any new theatre form will be a hybrid rather than a culturally specific response ? Factual What is the relationship between performance style, design elements and the purpose of a theatre form?</p> <p>  Form</p> <p>  Orientation in space and time  Personal and cultural expression</p>	<p>artist? Factual What are the identifying features of representational and expressive/abstract portraiture?</p> <p>  Identity</p> <p>  Identities and relationships</p> <p>4 Passion Project</p> <p> Practicing Artists make work through the generation of their own inquiry and personal passion and skill.</p> <p>Conceptual What type of art am I attracted to. What do I think is Aesthetically pleasing?</p> <p>  Creativity</p> <p>  Personal and cultural expression</p>	<p> Students will inquire into the risks of Cheerleading and strategies to overcome these, as well as work together to improve interconnected, responsive movement patterns in relation to all elements of Cheerleading in order to plan and produce a safe routine.</p> <p>Conceptual What are strategies to overcome these risks? What would you need to consider when planning a performance for a targeted audience? Debatable Who should be responsible for implementing the strategies? How might you include the key elements of Cheerleading into a routine? Factual What are the key elements of Cheerleading? What are the risks in Cheerleading?</p> <p>  Creativity</p> <p> Form</p> <p>  Scientific and technical innovation</p> <p>8 Next Goal Wins</p> <p> Through the exploration of movement and sports, students will understand how different perspectives and effective communication can be purposefully crafted to create impactful and engaging films.</p> <p>Conceptual How can movement be used to convey different perspectives in a sports film?</p>

Year 10 - IB Middle Years

<div>   Identities and relationships </div> <div>  Globalization and sustainability </div>				<p>In what ways does the purpose of a film influence its craft and communication style?</p> <p>How do filmmakers use various techniques to engage the audience and convey a message through sports films?</p> <p>Debatable</p> <p>To what extent does the perspective of the filmmaker influence the audience's understanding of a sports event?</p> <p>Can a sports film be impactful without advanced filming techniques? Why or why not?</p> <p>Is it more important for a sports film to entertain or to accurately represent the sport? Discuss.</p> <p>Factual</p> <p>What are the key technical elements of effective communication in film?</p> <p>How do different camera angles and movements affect the portrayal of sports in films?</p> <p>What are the basic techniques used in filming sports activities?</p> <div>   Communication </div> <div>   Personal and cultural expression </div>
				<div>4 Volleyball</div> <div>  Students will interact with each other to develop their volleyball skills of serving, digging, setting, spiking and blocking. Students will learn to apply force summation principles, in order to maximise the speed of the ball in a serve or spike. </div> <p>Conceptual</p> <p>Why is it important to use strategic placement when linking volleyball shots together in a game?</p>

				<p>How would we use interpersonal skills to better our own and our teams performance? Debatable Why do we want to mix up the amount of forces we produce during a volleyball game? Factual What are the fundamental skills of volleyball?</p> <p>  Communication</p> <p>  Identities and relationships</p> <p>9 Striking and Fielding</p> <p> Effective communication enables teams to develop and adapt strategies that enhance performance in striking and fielding games.</p> <p>Conceptual How does communication influence team strategy and coordination during gameplay? Debatable To what extent is effective communication more important than individual skill in determining team performance? Factual What batting/striking, fielding, and communication skills are used in striking and fielding games such as softball, cricket, and badminton?</p> <p>  Communication</p> <p> Systems</p> <p>  Personal and cultural expression</p>

<p>19 Style Sudoku</p> <p>② Taking a carefully considered approach to our fashion focused consumer habits can effect a change for good and even small steps can contribute towards sustainability in global communities.</p> <p>Conceptual Why should I consider where and how my clothes are made? What difference does it make? Debatable Can 'fast fashion' ever be okay? Factual How do I add value to my wardrobe without spending a lot of money? How can I make a change for good?</p> <p>💡 🌐 Communities</p> <p>🌐 🌐 Globalization and sustainability</p> <p>🌱 Fairness and development</p> <p>19 Fashion Statements</p> <p>② Designers adapt the form in which information is communicated in order to make it accessible to the end-user.</p> <p>Conceptual Why are t-shirts such a popular way to advertise? Debatable Can fashion be a suitable way to communicate a message? Factual How do I communicate a clear message to my intended audience?</p> <p>💡 🗣️ Communication</p>	<p>19 Web Design</p> <p>② Web designers incorporate up-to-date recognised design techniques and features to create a functioning website that meets the needs of a client and end-users.</p> <p>Conceptual What does an effective website look like? Debatable How well does the design meet the needs of the end-user? Factual What are the requirements of the client for their website?</p> <p>💡 📈 Development</p> <p>🌐 🏠 Personal and cultural expression</p> <p>19 Electronics</p> <p>② Technology can be applied creatively to address real world issues around sustainability.</p> <p>Conceptual What is the IOT and how might it positively impact on people's lives? Debatable What makes one digital product of more value than another? Factual What are the UN Sustainable Development Goals? How are the UN Sustainable Development Goals implemented?</p> <p>💡 📈 Development</p> <p>🌐 🧪 Scientific and technical innovation</p>	<p>19 Voices of the Land: Designing a Board Game for a Sustainable Future</p> <p>② Indigenous communities adapt their sustainable use of resources over time, demonstrating how traditional knowledge shapes relationships with the environment across different spaces and generations.</p> <p>Conceptual How can traditional ecological knowledge inform modern design solutions for environmental sustainability? Debatable How should Indigenous land management practices be integrated into contemporary environmental policies? Factual What are five different indigenous land practices, and how have Indigenous communities used them to work with the environment? What is the effectiveness of prescribed burns compared to modern fire management strategies? How has colonialism in the US made indigenous land practices difficult to sustain?</p> <p>💡 ⚙️ Systems</p> <p>🌐 🌐 Orientation in space and time</p> <p>19 Biomimicry: When Architecture Imitates Nature</p> <p>② Nature can inspire sustainable innovation which effects the way we live in communities.</p> <p>Conceptual How can communities be</p>
