AS91246, 2.7	Explain aspects of a geographic topic at a global scale.	3	Internal	Term 3, Week 7

Course details

Geography is a multifaceted discipline that bridges the social sciences, the humanities and the physical sciences. This year we will be studying natural processes and a range of geographic skills. We will look at case studies within these topics in both New Zealand as well as international settings.

Course Information

- All students will be issued with a write-on Geography 2.4 Skills book. The cost of this (approximately \$30) will be charged to your account.
- Conducting field work is an important aspect of studying NCEA Geography. Details and costs of field trips will be advertised in QM News

Homework expectations

Your daughter should be learning at home for a total of 10 hours per week in Year 11, and 15 hours per week in Year 12 and 13, across all subjects.

To achieve at a high level in this subject, students are expected to complete some homework during the week. Homework might include:

- Completing class work, course work or practising skills
